consumption is concerned.

Automatic vs. Manual Cars: Which one is more fuel ...

It's a widely-held belief that automatic cars guzzle more petrol than their manual equivalents. While that used to be the case as older models were fitted with a slow, three-speed transmission, automatic technology has hugely improved in recent years. In many cases, you may even find that you'll get more miles to the gallon in an automatic.

Automatic vs manual cars: which is better? | RAC Drive

It's a common belief that automatic cars aren't as good on fuel economy as manual cars. This is largely because automatic cars shift gears depending on what it thinks is appropriate for the road and speed. On the flip-side, having more nuanced control of a manual car means you can better adapt to the road.
