The simplified My Google eBooks view is also what you'll see when using the Google Books app on Android.

Cat 3116 Engine Reviews

The CAT 3116 was engineered to be disposable. Albeit the 3116 was used in a wide variety of application including many marine applications the CAT 3126 and later the CAT C7 were arguably better models. To conclude the CAT 3116 isn't a terrible engine but is damn near at the bottom of the best diesel engine list. 2. Cummins 855 Big Cam

10 Best and Worst Diesel Engines in History - Capital ...

The Caterpillar 3116 is a turbocharged diesel engine used for marine propulsion. It can be used alone or in tandem to power boats and is compatible with a number of different Caterpillar marine transmissions that can provide faster or slower acceleration depending on a vessel's intended use.

3116 Caterpillar Diesel Engine Specifications | It Still Runs

My M35A3 is equiped with the CAT 3116. Good engine, starts on the first revolution of the starter, runs strong. Do a little info search on the engine. They are utilized as marine powerplants and perform well. They are a little more \$\$ to maintain, however, if you buy an MV for collection/fun purposes, you will never wear it out

Caterpillar 3116 is a bad Engine? | SteelSoldiers

The 3116's that were problematical were manufactured in France and are generically known as "soft block" engines. Most failed in the first 500 hours. Call Cat with the serial numbers of the engines on the boat you want and they can tell you if they are soft block from France. Good luck.

Cat 3116 Engine problems - Trawler Forum

Hi, I have another question relating to a Cat 3116 engine. We have a Tamrock drill that has a 3116 Cat in it and it is getting quiet a few hours on it. We have located a very low hour 3116 but it is o ... read more

Tell me about reliability issues with the 3116 marine engines?

I am looking to buy a 1984 Egg Harbor with 2 - Cat 3116 TA 300 hp engines He has all documented maintenance and has said they have been well cared for My concern is they have 5000 hrs on them, he says the boat was a charter and most of the hours was trolling hrs

Cat 3116 | Boat Design Net

The 3116 is a mechanically injected motor that is pretty problem prone. The 3126 is a bit more reliable but injector o-rings are a common problem. they can be tuned up on the dyno by a cat dealer for a few bucks out of warranty.

3126 vs 3116 cat | The Diesel Stop

I am considering the purchase of a MDT. I like the looks of the International, we even have several at my place of employment. The question is; which is the most reliable engine, the Cat 3126 or the DT466? I would prefer an engine in the 250 to 350 H.P. range with corrisponding torque. I will be towing a 34 foot 5th wheel.

Cat3126 or DT466 | Diesel Truck Forum - Oilburners.net

i have a 3126E in my CAT service truck. i am a field mechanic for cat. 3116 are ok, they are usually gutless but run a long time. and thier is a lot of moving parts to their fuel system - they have a mechaincal fuel rack under the valve cover. when they start to get high hours / miles it usually needs adjusted or (most likley) replaced. this takes A LOT of special tooling! not a job for a small shop. the tooling alone costs 3-4k. the 3126's are usually ok.

Thoughts/reviews on CAT 3126 engine | Diesel Place

my 97 chev c6500 with the 3116 has 130k miles on it and the motor has never given me any trouble at all, other than not having enough power for what i use it for! no leaks, no breakdowns. Save Share Reply

cat 3116 | The Diesel Garage

The Caterpillar 3126 engine is a CAT engine that was used for light and medium duty uses. It was used in everything from boats, cranes, over the road trucks and ambulances to RVs and buses. It is based on an earlier design (3116), and when it was retired, the CAT C-7 was based on it and was it's replacement.

The Caterpillar 3126 Engine

1995 CAT 3116 Diesel Engine, 175 HP, Approx. 106K Miles. All Complete and Run Tested. \$6,995.00 with Exchange. For Information on this or any other engines.

CATERPILLAR 3116 Engine For Sale - 94 Listings ...

I have a new to me 3116 300hp with 3700 on it and so far I don't have a single complaint. The previous owner had the head redone, which is one of the inherent problems, but other than that, it runs mint, has burned 0 oil, transom stays real clean and it is great on fuel. It also starts great when cold.

Cat 3126 2004 Engine The good, bad and ugly? | Downeast ...

The early model CAT 3116 engine had some problems including lower grade engineered cylinder heads and injector problems. There are special tools Caterpillar made to deal with the issues surrounding the injectors which make repairs at the dealership rather costly.

Caterpillar 3116 Remanufactured Engine For Sale - Capital ...

Weighed about 33,000 lbs. We put over 50,000 miles on it and I was always pleased with it. Didn't have any trouble going over Loveland Pass in Colorado---if I remember correctly it was 11,000 feet or so. Got about 9 MPG at 60-65. In short, it was a great engine. Check to see if valves we adjusted. Cat tech support said it was very important.
