JL Audio Fathom f110v2 10" Subwoofer Review "The JL f110v2 is a mighty mite of a sub, conceding little to its larger brothers. Placing it up front in a stereo system, crossed over to the main speakers and, most crucially, matched to the room with D.A.R.O., it can extend and clarify the bass response of your system."...

JL Audio E1200 Car Amp. This is a top amp even if it is a little bit old, it will not disappoint. I upgraded from a normal Kenwood sub amp and instantly could hear the difference. Matches perfectly with the E range. If you set it up right the bass will be there but not overpowering.

## **JL Audio E1200 Car Amplifier for sale online | eBay**

JL Audio amps use "differential-balanced inputs" to isolate the signal's ground from the chassis ground, reducing noise and making this amp compatible with almost any system, including most factory radios. Tunable high- and low-pass filters, and a bass boost give you precise control over your sound.
