Being an owner of the Logitech Playstation 2 Wireless Controller, I expected the new Logitech Playstation 3 Cordless Precision Controller, but it failed to meet the same standards. It stop working properly after about three weeks. I used it mostly for COD: Modern Warfare 2 and found that pressing the R3 toggle a while to respond.

Logitech PlayStation 3 Cordless Precision Controller Gamepad
Press the "X" button (or another action button) on the controller. The wireless receiver status indicator light turns solid green for two seconds, then turn off, signifying the connection is successful. If the connection isn't successful, press the "Connect" button on the wireless receiver, and then press the "X" button on the controller.

The PlayStation 2 video game console was released in 2000. Even though it has been technically surpassed by the PlayStation 3, the PS2 is still going strong, and even outsold the PS3 during the first several years of its release. Although it is an older console, you can use a wireless controller with the PlayStation 2.
