An epic exploration of possibilities. *What If*: These two simple words are the spark that has ignited countless theories, discoveries, and inventions.

What If - YouTube

First, let's get a few things out of the way: In real life, we can't put a metal pole between the Earth and the Moon.[1]For one, someone at NASA would probably yell at us. The end of the pole near the Moon would be pulled toward the Moon by the Moon's gravity, and the rest of it would be pulled back ...

Earth-Moon Fire Pole

Randall Patrick Munroe (born October 17, 1984) is an American cartoonist, author, engineer, and the creator of the webcomic *xkcd*.
