I have two Uniden handsets and digital answering machine. The answering machine is not working; that is, people who leave the message think it is because the voice is saying to leave message BUT I do not receive it. Then, my main handset (with the answering machine unit) has become so crackly I cannot hear the voice speaking to me- it also ...

Uniden digital answering machine is not working.

Shorten the number of rings it takes for your answering machine to answer an incoming call. You would need to consult the user manual for this one. A drawback of this is that you won't have as long to get to the phone if it's ringing because your answering machine will get the call.
