Wetland Diorama Backgrounds - mail.trempealeau.net

Although they are now ubiquitous in natural history museums around the world, dioramas did not appear in museums until the late 1800s. The first museum habitat diorama, depicting muskrats in a wetland, was created by taxidermy pioneer Carl Akeley in 1889. Akeley believed that his dioramas would preserve the memory of species and habitats that were rapidly being lost to hunting, agriculture, and industrialization.
